Synopsys Questionnaire

These questions are intended to provide feedback to Synopsys and for improving the course. Answers are anonymous.

1. How many hours approximately did you spend using Behavioral Compiler (BC) ?
2. How useful was the BC documentation ?
3. How useful was classroom information on using BC ?
4. If you could do one thing differently to improve on your project, what would it be ?
5. If you could tell Synopsys to do one thing differently to improve on BC, what would it be ?
6. Did you use BC View? If so, was it helpful ?
7. Do you think you will use Behavioral Synthesis again ?
8. Do you think using BC improved the course ?
